Flexima[®] Active

A B. Braun patented skin protector to feel the difference

A highly cohesive network

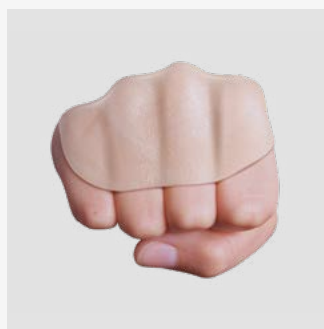

- The tack: **immediate adhesivity**
- High wearing **comfort***
- **Low risk** of residue**

A patented copolymers formula

Second skin sensation*

- One piece **low profile system***
- **Adapts** to body contours*
- Skin **preservation****

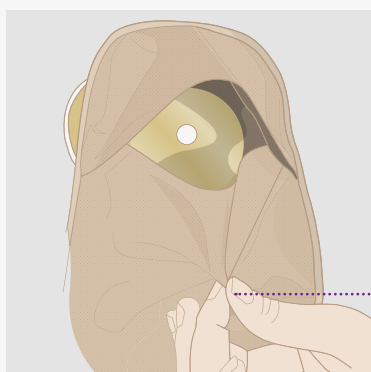

Inspection window

This inspection window combines both:

- the discretion of a beige bag
- the visual control of both stoma and output (in both post-op phases and everyday life)
- for an easier patient education

Available on both closed & drainable bags.

A new step towards self confidence!

- Visual control of the stoma at any time
- Check stool aspect
- Check quantity of output

« Great comfort while wearing and so soft that I can forget I'm having a bag.»

Richard. 58 Years Old. Ileostomate. France

« Appreciated for its adaptability to the skin, ease of application, comfort, discretion and easy removal, leaving no residues.»

Lina. Enterostomal Therapist (ET) Nurse. Italy
